RE: Republic Services/Snohomish County Revenue Sharing Plans

Dear Mr. Johnson:

The purpose of this letter is to provide Snohomish County's determinations regarding the revenue sharing compliance with RCW 81.77.185 by Republic Services of Lynnwood (Republic Services). This letter reports the County's findings regarding Republic Services' performance under Part A of the current revenue sharing plan from August 1, 2019, to April 30, 2020. The plans referenced herein apply to Republic Services' G-12 certificated territory within Snohomish County.

August 1, 2019 – April 30, 2020

Republic has done a good job implementing the high quality tasks described in the plans. We are satisfied with their efforts. The agreed upon tasks have been implemented according to the Plan with mutually agreed upon adjustments to the Plan due to the substantial reductions in commodity prices. The County and Republic Services have agreed upon modified tasks and goals for Part B of the Plan to accommodate the decline in revenue. These upcoming tasks are described in Attachment B.

Thank you for the opportunity to offer our comments and support for the recycling plans developed by Republic Services and Snohomish County. If you have any questions, please contact Jo-Anne Antoun at (425) 388-6492 or Jo-Anne.Antoun@co.snohomish.wa.us.

Sincerely,

Solid Waste Director
