Re: Telephone Billing Svcs
Account # 206-222-6917

Enclosed is a copy of a bill we just received from Telephone Billing Services. They suggested I contact you with my inquiry.

My purpose in writing is to question the dollar amount of the charges included in the bill. I believe they are excessive. One and two minute calls costing \$1.48 to \$2.97 are, in my opinion, unreasonable. I am perfectly willing to pay for all calls we make, but not at these rates.

Sincerely,

William J. Clancy
