Re: *Application of Sure-Way Systems, Inc.;*
Docket No. TG-042089

Dear Judge Caille:

As we discussed in our conference call this morning with Greg Trautman and Steve Johnson, Sure-Way Systems, Inc. and Stericycle of Washington, Inc. mutually request a stay of the pending hearings. We request that the hearings currently scheduled to start on August 30, 2005, be cancelled, and that a prehearing conference be scheduled for October 5, 2005, by which time the parties will know whether hearing dates will need to be rescheduled for any part of this application. Mr. Trautman has indicated that WUTC Staff has no objection to this request. Thank you for your willingness to support this request.

Sincerely,

Greg W. Haffner
