Corporate and Foundation Support

Corporate and Foundation Support

Corporations and other businesses help us meet our goals through their generous support.

These funds are critical not only because they represent such a substantial portion of the campaign total, but because they show employees that their organization is truly committed to investing in its community.

We are proud to acknowledge and recognize those companies who have joined us in the business of caring.

Investing in Solutions Matters

At United Way, we know that what matters are the lives we change and the communities we shape. We're excited about the future and inspired by all that can be accomplished. For our donors, our volunteers and those we serve, we are united in creating change that improves people's lives.

Your United Way at Work

Giving to United Way multiplies your donation. For every undesignated dollar donated, United Way leverages federal and private grants, matching gifts and other resources to deliver \$1.15 in impact to the community.

\$8.48 million returned to the community in 2004

* includes a small percentage of funds restricted for use in 2005.

** Includes Combined Federal Campaign, Washington State Combined Fund Drive, Snohomish County, and P.U.D. #1 of Snohomish County, as well as designations to other 501(c)3 not-for-profits including outof-county. Designated donations do not contribute to United Way's impact work nor can United Way be accountable for the oversight of donor-designated funds.

*** United Way's fundraising and operating expenses are 15 cents of every dollar, considered excellent by nonprofit standards. (ref: Better Business Bureau's Wise Giving Alliance).
