

PUGET SOUND PILOTS' RESPONSE TO BENCH REQUEST No. 7

DATE PREPARED: December 23, 2021	WITNESS: Capt. Ivan Carlson
DOCKET: TP-190976	RESPONDER: Puget Sound Pilots
REQUESTER: WUTC	

TO PUGET SOUND PILOTS:

BENCH REQUEST No. 7:

1. Please provide electronic copies of all workpapers provided to Staff in support of PSP's January 12, 2021, compliance filing.

Response to Bench Request No. 7:

The only electronic workpapers provided to UTC Staff in support of Puget Sound Pilots' January 12, 2021, compliance filing were previously filed as exhibits IC-4a and IC-5a to PSP's Response to TOTE's Petition to Amend Order 09. Electronic .pdf files (Commission online portal does not accept .msg files, but they will be provided via email upon request) reflecting the original transmission of workpapers and draft compliance filings that had been provided for technical assistance, along with electronic copies of the attached workpapers, are being filed with this response with the following file labels [clerical errors and typos in the original file names]:

Although Staff and PSP had additional discussions after the date of the emails included here, including on January 7, 2021, no additional workpapers were requested by Commission Staff or supplied by Puget Sound Pilots. Instead, as proposed by UTC Staff on January 7, 2021, PSP relied upon data and calculations in Exhibit SS-3r to determine the rates included in PSP's January 12, 2021 compliance filing.
