Re: *In the Matter of the Petition of Puget Sound Energy for Penalty Mitigation Associated with Service Quality Index No. 11-Electric Safety Response Time Annual Performance for Period Ending December 31, 2021, Docket UE-220216*

Dear Director Maxwell:

Enclosed please find the revised Offer of Public Comment Exhibit No. BR-1r on behalf of Public Counsel for filing in the above-entitled docket. Public Counsel discovered after filing the original exhibit on March 29th that there was an additional public comment submitted into the docket earlier that day, which was not captured in our original filing. To capture all public comments, we revised the pleading to reflect the addition of this comment, as well as to correct some typographical errors we subsequently discovered. A redlined version of the pleading is provided.

As a supplement to our original filing, we also provide a copy of the additional comment as a separate attachment. The original comment matrix remains unchanged and so is not reproduced with this filing.

Please contact me if you have any questions about this filing.

Sincerely,

/s/
