Qwest Corporation has filed with the Washington Utilities and Transportation Commission (WUTC) changes in its Interconnection Services tariff.

Pursuant to the 22nd Supplemental Order in UT-023003 (the Washington cost docket), Qwest has made a compliance tariff filing. Additionally, Qwest has filed changes to loop rates that are dependent on the 2-wire loop rate (e.g. 4-wire UNE loop) and has clarified that the wire center – zone alignment ordered in the 22nd Supplemental Order will be utilized for all zone dependent UNE rate elements (e.g. DS1, DS3). A summary of the changes is as follows:

Compliance Filing: Presents new wire center – zone relationships and new rates for 2-wire loop pursuant to the Commission's Order. New ordered rates are as follows:

UNE Loop	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5
2-wire (w/grooming)	\$11.26	\$13.63	\$16.92	\$28.23	\$67.77
2-wire when ordered with end office line port	\$11.07	\$13.44	\$16.73	\$28.04	\$67.58

Dependent Services Filing: Establishes new recurring rates for those services that are dependent on the 2-wire loop rate. Proposed rates are based on the existing relationship with the 2-wire loop rate. Clarifies that the new wire center – zone alignment applies to all UNE zone based services (e.g. DS1, DS3).

UNE Loop	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5
