Dear Mr. Danner:

Re: AVU-UE-100176

In compliance with Commission Order No. 01 in the above referenced Docket, Avista Utilities respectfully submits for electronic filing a “revision” to its “Annual Report on Conservation Acquisition.”

The Company identified a cell error in its “2010 DSM Annual Report” filed on March 31, 2011. The algorithm that sums results did not pick up a cell that had should have added approximately 8,928 MWhs from Avista’s commercial lighting program. The following revisions have been corrected in the report:

- Executive Summary – Paragraph 1;
- Non-residential Sector Overview – Page 21, Paragraph 3; and
- Table 21 (Site-specific lighting and totals), Page 23.

Please direct any questions on this matter to Bruce Folsom, Sr. Manager, Demand Side Management at (509) 495-8706 or myself at (509) 495-4975.

Sincerely,
