**<110>** Has your company received its ETC certification from the FCC? (yes / no)  (yes) /  (no)

**<111>** If your answer to Line <110> is yes, do you have an existing §54.202(a) "5 year plan" filed with the FCC? (yes / no)  (yes) /  (no)

If your answer to Line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

**<112>** Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Name of Attached Document

Please check these boxes below to confirm that the attached document(s), on line 112, contains a progress report on its five-year service quality improvement plan pursuant to § 54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

**<113>** Maps detailing progress towards meeting plan targets

**<114>** Report how much universal service (USF) support was received

**<115>** How (USF) was used to improve service quality

**<116>** How (USF) was used to improve service coverage

**<117>** How (USF) was used to improve service capacity

**<118>** Provide an explanation of network improvement targets not met in the prior calendar year.

**HAT ISLAND TELEPHONE COMPANY – 5-YEAR SERVICE QUALITY IMPROVEMENT PLAN  
PURSUANT TO 47 C.F.R. 54.202(a)**

Hat Island Telephone Company ("HITC") ("Company") hereby submits initial five-year build-out Service Quality Improvement Plan pursuant to 47 C.F.R. 54.202(a)(1)(ii) that specifies proposed improvements or upgrades to the HITC network throughout its service area. In addition, HITC is providing information that includes an estimate of the population that will be serviced as a result of these improvements.

The receipt of universal service support, combined with other funding sources will allow HITC to continue to provide reliable, state-of-the-art, high-quality voice and broadband service to a population base of 41 in the rural community of Hat Island, WA. The projects listed within this plan will be used to improve or upgrade the network over the next five years, and will enable HITC to continue its long history of providing high quality and state-of-the-art telecommunications services.

The expected benefit to customers from the anticipated investment and expenditures is that customers will continue to receive a high level of telecommunication services and the new facilities will result in and/or enhance a platform that will provide additional capacity for the provision of existing supported services to customers in the Company's designated ETC service area and on which additional telecommunications services, including, but not limited to, advanced telecommunications services can be provided to customers in the Company's designated ETC service area. These projects will improve the quality of service and network capacity available to the Company's customers in the portions of the Company's designated ETC service area in which new facilities are to be deployed, as well as increase the number of services available in most, if not all, of the Company's designated ETC service area. The Company further expects that any federal support received by the Company will aid the Company's efforts to continue to provide the supported services at rates that are reasonably comparable to the rates for such services in urban areas. All customers in the Company's designated ETC service area will benefit from the expected level of universal service support by continuing to have available to them services that are reasonably comparable to the telecommunications services offered in urban areas at rates that, if adequately supported by other factors, such as state universal service fund, are reasonably comparable to the rates for such services in urban areas.

Over the next 5 years, HITC will enhance its network to include expanding its core network to handle increased bandwidth services. Finally, HITC will continue to support and maintain all existing network infrastructure to insure the highest level of uninterrupted services and to complete all service requests within a reasonable amount of time.

Hat Island Telephone Company has scheduled the following improvement and/or upgrades to its network(s). These improvements and/or upgrades are either currently in progress and/or are scheduled to take place over the five year time period covering the calendar years of 2014 through 2019:

Network Improvements/Upgrades – Voice Services – For Calendar Year 2014				
Project Description (Specific proposed improvements and/or upgrades)	Estimated Start Date	Estimated Completion Date	Service Area Name	Estimated Population
Maintain/retire/replace existing end-of-life infrastructure hardware and software	01/01/2014	12/31/2014	Hat Island	41

Network Improvements/Upgrades – Voice Services – For Calendar Year 2015				
Project Description (Specific proposed improvements and/or upgrades)	Estimated Start Date	Estimated Completion Date	Service Area Name	Estimated Population
Maintain/retire/replace existing end-of-life infrastructure hardware and software	01/01/2015	12/31/2015	Hat Island	41

Network Improvements/Upgrades – Voice Services – For Calendar Year 2016				
Project Description (Specific proposed improvements and/or upgrades)	Estimated Start Date	Estimated Completion Date	Service Area Name	Estimated Population
Maintain/retire/replace existing end-of-life infrastructure hardware and software	01/01/2016	12/31/2016	Hat Island	41

**HAT ISLAND TELEPHONE COMPANY – 5-YEAR SERVICE QUALITY IMPROVEMENT PLAN  
PURSUANT TO 47 C.F.R. 54.202(a)**

Network Improvements/Upgrades – Voice Services – For Calendar Year 2017				
Project Description (Specific proposed improvements and/or upgrades)	Estimated Start Date	Estimated Completion Date	Service Area Name	Estimated Population
Maintain/retire/replace existing end-of-life infrastructure hardware and software	01/01/2017	12/31/2017	Hat Island	41

Network Improvements/Upgrades – Voice Services – For Calendar Year 2018				
Project Description (Specific proposed improvements and/or upgrades)	Estimated Start Date	Estimated Completion Date	Service Area Name	Estimated Population
Maintain/retire/replace existing end-of-life infrastructure hardware and software	01/01/2018	12/31/2018	Hat Island	41

Network Improvements/Upgrades – Voice Services – For Calendar Year 2019				
Project Description (Specific proposed improvements and/or upgrades)	Estimated Start Date	Estimated Completion Date	Service Area Name	Estimated Population
Maintain/retire/replace existing end-of-life infrastructure hardware and software	01/01/2019	12/31/2019	Hat Island	41

**Hat Island Telephone Company  
FCC Form 481 (July, 2014), Line 510  
Description of Processes and Procedures to Ensure  
Compliance with Service Quality Standards and  
Consumer Protection Rules Per Instructions  
For Completing FCC Form 481 – Voice Services**

This document details the processes and procedures that Hat Island Telephone Company (the “Company”) follows to ensure compliance with service quality standards and consumer protections rules as set forth in the Instructions for Completing FCC Form 481.

For service quality standards that are affected by plant issues, the Company engineers and installs its plant and other facilities in such a way as to ensure, to the greatest extent possible, compliance with service quality standards that exist at the time that the plant and facilities are constructed. Plant is augmented, upgraded and/or reconfigured as needed.

The Company obtains certain functionality and support from its affiliate, Whidbey Telephone, including support related to service quality standards and consumer protection rules. A description of Whidbey Telephone Company’s policies and procedures relating to service quality standards and consumer protection rules is set forth in its response to Line 510 of its FCC Form 481 that is being filed contemporaneously herewith. To the extent relevant, that description is incorporated herein by this reference.

The Company also periodically reviews its operating procedures to be sure that those operating procedures are in compliance with service quality standards and are not in violation of consumer protection rules. If questions arise, legal counsel is sought as needed.

If a complaint pertaining to the Company’s compliance with service quality standards or consumer protection rules is received by the Company, the complaint is promptly investigated, the matter tracked and any corrective action noted. This process ensures that issues involved in the matter are addressed and corrections made, if needed.

**Hat Island Telephone Company**  
**FCC Form 481 (July, 2014), Line 610**  
**Statement Describing Ability to Function in Emergency Situations**  
**Per Instructions for Completing FCC Form 481 – Voice Services**

**SUMMARY**

Hat Island Telephone Company (the “Company”) has a long-standing tradition of providing reliable voice telephony services. It is the Company’s policy and standard operating procedure to bury all of its local distribution cable and wire. The Company operates a primary local distribution and transmission node that is equipped with back-up power generation. In regard to the Company’s overall network design, the Company’s practices are consistent with Rural Utility Service (“RUS”) telecommunications industry best practices.

The Company obtains certain functionality and support from its affiliate, Whidbey Telephone Company. Together, they operate and maintain transport transmission equipment that serves the Company’s service area and that is of the highest grade. Equipment specifications, which are consistent with the RUS specifications, require both redundant power and redundant circuit interfaces. All of the Company’s transport equipment, as well as the transport and switching equipment that serves the Company’s service area and is operated by Whidbey Telephone Company, is monitored 7x24x365(366) by trained staff located at Whidbey Telephone Company’s network operations center.

**NETWORK REDUNDANCY**

The Company is a provider of voice telephony services to the Hat Island Exchange. The service area of the Company’s Hat Island Exchange comprises less than one (1) square mile. It is connected by submarine cable to a neighboring exchange operated by Whidbey Telephone Company, which provides local distribution connectivity, switching and transmission utilizing its facilities. A description of those facilities and of Whidbey Telephone Company’s policies and procedures relating to its ability to function in emergency situations is set forth in its response to Line 610 of its FCC Form 481 that is being filed contemporaneously herewith. To the extent relevant, that description is incorporated herein by this reference.

**BACK-UP POWER**

The Company maintains at its principal local distribution and transmission node a power plant with batteries capable of carrying the power load for a number of hours with the load typically transitioning more immediately to a generator back-up power generation. In addition, the Company has installed back-up power generation at that node, utilizing an 8kw generator, together with a dedicated fuel tank onsite designed to carry the power load multiple days. The site is equipped with an automatic transfer switch and has monitoring equipment that provides monitoring visibility with respect to loss of external commercial power and transfer switch status. Upon recognition of loss of the commercial power source, the automatic transfer switch is designed to automatically start the back-up generator and transfer the selected power source.

Alarm messages are automatically reported to key personnel, as well as to Whidbey Telephone Company's 7x24x365(366) network operations center.

Whidbey Telephone Company has in-house staff available to support the Company's operations and trained to perform all maintenance of the power plant, as well as third-party services available for support.

### Lifeline, Tribal Link-Up and Washington Telephone Assistance Programs<sup>1</sup>

Hat Island Telephone Company participates in the federal Lifeline program and Tribal Link-Up program, to the extent applicable, as well as the Washington Telephone Assistance Program ("WTAP"). Under these programs, we offer to qualifying low-income consumers a discount off of the monthly rate for basic residential exchange service and a discount off of the non-recurring charge to install a basic residential exchange service line. Please refer to the below table for current basic residential service charges and program discounts. The installation charge for such service may vary and may be discounted by 50% (up to \$22.00) for qualifying WTAP customers<sup>2</sup>.

Residential Service Customer Program Eligibility	Basic Residential Service Line Charge	FCC Subscriber Line Charge	Discount Amount(s)	Discounted Basic Residential Service Line Charge <sup>3</sup>
Lifeline Certified & WTAP Verified	\$15.00	\$6.50	\$9.25 – Lifeline \$4.25 – WTAP	\$8.00
Lifeline Only Certified	\$15.00	\$6.50	\$9.25 – Lifeline \$0.00 – WTAP	\$12.25
WTAP Only Verified	\$15.00	\$6.50	\$13.50 – WTAP	\$8.00

For more information on these programs that may help you afford phone service and/or to obtain a copy of the Lifeline Service Application Certification & Authorization Form, you may contact our Customer Experience Center representatives. They may be reached at 360.444.1122 or, when calling from outside the local area, toll free at 800.351.2337. You may also contact the Washington Telephone Assistance Program unit of DSHS at 1.888.700.8880 or visit their website <http://www.dshs.wa.gov/wtap.shtm> or contact the Federal Communications Commission at 1.888.CALL.FCC/1.888.225.5322 (voice) or 1.888.TELL.FCC/1.888.835.5322 (TTY) or visit their website [www.lifeline.gov](http://www.lifeline.gov). For information regarding the current Federal Poverty Guidelines please feel free to contact our Customer Experience Center or visit the U.S. Department of Health & Human Services' website <http://aspe.hhs.gov/poverty/14poverty.cfm>.

<sup>1</sup>WTAP and the Lifeline program are governmental assistance programs that are limited to one discount per eligible household. Only eligible consumers may enroll in the Lifeline program and/or WTAP and the service is non-transferable. To receive Lifeline program benefits you must provide documentation for Hat Island Telephone Company to confirm either your participation in one of the seven (7) qualifying federal programs or your household income to be at or below 135% of the current Federal Poverty Guidelines. A Hat Island Telephone Company Lifeline Service Application Certification & Authorization form must be completed and signed certifying the accuracy of the information you have provided to Hat Island Telephone Company and authorizing the use of some of your information in a national database in order to maintain your eligibility in the Lifeline program. Before applying WTAP benefits, Hat Island Telephone Company must contact the Washington State Department of Social and Health Services ("DSHS") and provide them with your DSHS client identification number to verify your benefit eligibility. WTAP requires that the billing name on the Hat Island Telephone Company customer account match the name of the person who qualifies the household for that program. Benefits for WTAP begin on the date Hat Island Telephone Company verifies your eligibility. Benefits for the Lifeline program begin on the date Hat Island Telephone Company receives your completed Lifeline Service Application Certification & Authorization form and completes its review of the applicable federal program participation or household income documentation.

<sup>2</sup> The Lifeline and WTAP discounts apply only to basic residential local exchange service. You will have to pay the full monthly charge for special features such as Call Forwarding and Call Waiting that are added to your residential local exchange service. Basic residential local exchange service includes an unlimited number of local and Extended Area Service ("EAS") minutes. EAS consists of calling from the Hat Island exchange to the South Whidbey exchange. Charges for long distance calls are in addition and will be as determined by the long distance carrier you select and/or utilize. Toll Restriction is offered without a monthly recurring charge. Certain non-recurring charges may also apply to installation or change of service. Charges for basic residential local exchange service, long distance service and installation or change of service are subject to change and in some instances are subject to change without notice.

<sup>3</sup> Additional discounts for the basic residential local exchange service line, as well as for the installation charge for such service, may apply for the benefit of qualifying low-income consumers on tribal reservation lands.
