Thanks Eric. We will review this proposal and see if it make sense.

Could you please clarify for me the arrangement Waste Management has to haul within the City of Port Angeles or Clallam County? I need to make sure we are all on the same page regarding the legal aspect of trash hauling.

Thanks.

Amy,

Took me longer to work out trucking details. For the transport portion we are including the tarping of the containers for transport, Managing the loads should they be uneven across the axles, managing over weight loads offsite, movement of off days and off hours as needed due to plant 24 hrs activity, Rail to Landfill. This should cover everything. Attached is the proposal.
