Washington Utilities and Transportation
Commission 621 Woodland Square Loop SE
Lacey, WA 98503

Re: USF Support Supplemental Report - Broadband Data Collection
WAC 480-123-130(1)(g) - Docket UT-240058

Dear Mr. Killip:

Enclosed you will find Mashell Telecom, Inc.'s Broadband Data Collection (BDC) submission, per WAC 480-123-130(1)(g) which requires all wireline communication providers that receive state USF program support to file copies of Broadband availability data with the state of Washington at the time these reports are filed with the FCC.

Because of the CONFIDENTIAL nature of the information contained in the enclosed FCC BDC, pursuant to RCW 80.04.095 and WAC 480-07-160 the Company hereby asserts a claim of confidentiality with respect to the FCC BDC. The basis for this claim is that the FCC BDC contains "location_id" data subject to a nondisclosure agreement with Cost Quest Associates, Inc. CostQuest Associates, Inc has waived the nondisclosure requirement to allow the Company to provide that information to the Commission only. Accordingly, in compliance with WAC 480-07-160, unredacted and redacted versions of that document are enclosed. As specified in WAC 480-07-160, all unredacted copies of materials claimed to be confidential have been marked "CONFIDENTIAL PER WAC 480-07-160." Also, the redacted versions have been marked "REDACTED FOR PUBLIC INSPECTION," the information thereon that is claimed to be confidential has been deleted as a CSV file does not allow for shading.

If the Commission has any questions regarding the accompanying copy of the BDC submission, please do not hesitate to contact me by e-mail at danielle.clausen@rainierconnect.net or call me at (360) 832-4130.

Sincerely,

Danielle Clausen
Senior VP of Finance
