Re: Docket No. UT-003013, Part D
Nonrecurring Charges for Local Interconnection Service

Dear Ms. Washburn:

This is to advise the Commission and the parties that Qwest intends to withdraw its proposed nonrecurring charges for local interconnection service from consideration in Part D. Qwest will formally withdraw the testimony and cost studies on that issue when the hearings convene, but did not want to wait until then to provide this information. The rate elements at issue are those identified as "Trunk Nonrecurring Charges" on Exhibit TKM-28, section 7.5.1 through 7.5.4. Qwest's SGAT price list currently lists those rate elements as "under development" and Qwest agrees that it will retain that designation until it resubmits its nonrecurring charges for Commission consideration in a future phase of this or another cost docket.

Very truly yours,

Lisa A. Anderl
