Subject: Docket # U-180525, No thank you for smart meters
Date: Wednesday, January 30, 2019 5:21:38 PM

Hello,

It has come to my attention that smart meters are proposed to be installed in my town in 2022. I am highly concerned about the health issues that smart meters present with high frequency electromagnetic fields (EMF).
electromagnetics.

Please please please keep them away! They are a public safety issue.

Thank you,
