Karen/David,

We should be good to go?

Subject: RE: [EXTERNAL] RE: Sludge Disposal

Yes, both profiles are setup under different accounts in order to separate the invoicing. They should be able to go into each account to get their copies. In the meantime I have attached copies of the 3 invoices to date for profile 134041OR.

134041OR – Clarifier Sludge is setup under Acct: 0002736.
133240OR - OCC Rejects is setup under Acct: 0002663

Please visit us at www.WMSolutions.com
New Features:

- Tonnage reports and manifest/weight ticket copies are available for download via www.wmsolutions.com
- Invoices are available for download via www.wm.com

Julie (Columbia Ridge) ,
Can you take a look at these two waste profiles and tell me if we are invoicing them separately? They (PTPC) are getting invoices for profile #133240or (OCC Rejects). They don't seem to be getting invoices for profile #134041or (Clarifier Sludge). I believe we set them up on separate accounts so PTPC could keep the costs separated. Do they need to log into different accounts to get separate invoices online?

Eric Evans,
Industrial Account Manager

Eric,

We need to get this figured out... We are not seeing any invoices separating them out by profile... it is absolutely necessary for us to be able to do this... or are we missing something?

Hello: I took a look at the invoices Oct/Nov and the headings are all #133240or. I did not see any 134041or.
Maybe is the sludge sent to North Mason Fiber? Daniel Anderson is hauler on PO #20-002575 Haul the Rag.

Michael,

I agree there is not a clear description on the invoice header describing the waste stream. I may be able to work with our tech center to have something added.

On the invoice there is a section that says "Details for Service Location" . Then you can see a number 133240or. This number is your waste profile number. #133240or is for OCC Rejects. Profile #134041or is for Clarifier Sludge.

Michael,

Do you have a moment we can have a quick call about a different topic?

Eric Evans,
Industrial Accounts Manager

Eric,

How do we know which is OCC and which is Primary Sludge?

Hello: I was not looking either, sorry, did not know there were two different types. I have attached latest invoice if Michael sees which is which.

Karen, the vendor is Waste Management.

In November, I see invoices for 10/15 – 10/29 and 11/01 – 11/12 going to 424 OCC waste disposal. I don't see anything on the invoices identifying the waste as OCC or sludge.

Subject: Sludge Disposal

Karen or Michael,

Have we received an invoice for October sludge disposal?

I'm not seeing anything posted.

Thanks
David
