Good morning Lorilyn, in the future please do not forward conversations between staff and their attorney. I need to look at it more closely, but this may be an ex parte communication.

Jeff,

I think where we left off was that the Commission was going to consolidate the petition with the GRC. I think this makes the most sense given that we are addressing the issue of the deferred return in our testimony in the MYRP. I think this somehow got missed.

RC,

This petition shows as closed but maybe there is some confusion as to whether this filing should be consolidated with the MYRP (UE-220066). The deferral petition is still pending.

Jeff & Jason,

Has the Commission decided on whether they are going to consolidate the petition?

Dave

Hi Dave – I noticed that the docket for PSE's accounting petition for Tacoma LNG is showing as closed on the UTC website. Should the status be changed to "pending" instead of "closed"?
