Olympia, Washington 98504-7250

**RE: 2014 Qualifying Storm Event**  
Filed Electronically via WUTC web portal and by regular U.S. mail

Dear Mr. King:

Pursuant to paragraph No. 246 of Final Order No. 06, Docket Nos. UE-040641 and UG-040640, et al.<sup>1</sup>, Puget Sound Energy ("PSE") provides herewith a detailed report for a qualifying storm event which occurred on January 11, 2014. This is the first qualifying storm for 2014. In addition to documenting the impacts of the January 11<sup>th</sup> storm event, this report also summarizes PSE's response to the event and the electric system restoration costs associated with this event.

This report is submitted for informational purposes only, as the resulting restoration costs for this event remained below the threshold for requesting deferral treatment. However, the deferrable costs incurred as a result of this storm will be accrued toward the \$8 million threshold for 2014. PSE will submit additional supplemental Qualifying Events Report to update the cost information if needed.

If you have any questions regarding the information in this filing, please contact Mei Cass at (425) 462-3800. If you have any other questions, please contact me at (425) 456-2110.

Sincerely,

Ken Johnson  
Director, State Regulatory Affairs

Enclosure
