RE: Docket Nos. UT-003013 and UT-003022/003040

Dear Ms. Washburn:

In accordance with discussions at the hearing session and the prehearing conference last week, U S WEST provides the attached list of rate elements from the SGAT identifying those elements which have not yet been the subject of a pricing proceeding and which are or may be at issue in Docket No. UT-003013. I have attempted to designate as "Part A" or "Part B" those elements which will be determined in those phases. Some elements cannot, at this point, be specified as necessarily belonging in Part B. U S WEST will update this information as it is able to do so, but in any event no later than July 14, 2000, when it files its Part B direct testimony.

Sincerely,

Lisa A. Anderl
