COMMISSION

Dear Ms. Washburn:

Attached are the September payments for the Performance Assurance Plan (“PAP”) based upon July 2005 performance. In addition to the July Performance, Qwest re-ran the PAP for the following reasons,

- ❖ Added EEL DS1 to the PAP for OP5
- ❖ For the non-design products in MR3, MR6, MR8 corrected an error in the dispatch information
- ❖ A CLEC asked to be retro actively removed from the PAP
- ❖ CLECs were previously paid in error for late DUF records, but they had not set-up DUF delivery instructions

Summary of Changes for Washington (for detailed information see page 3 of attached spreadsheet).

- CLECs in Washington were overpaid in a previous month by \$6757
- State of Washington was underpaid in previous months by \$900
- CLECs in Washington received \$2 in interest payments
- State of Washington received \$59 in interest payments
- All payments, July performance results and the rerun results are summarized in pages 1 & 2 of the attached spreadsheet

If you have any questions, please feel free to call me at 503-242-5089.

Sincerely,

For Mark S. Reynolds
Senior Director – Regulatory
