

Attachment A: List of Primary Technical Changes to PSE's 2021 CEIP

Chapter/Appendix	Technical Changes
1	Correction to Chapter 1, Figure 1-3: Chelan and Colville hydro MWs are updated to reflect the MWs in the correct year (2023).
1	Correction to Chapter 1, pg. 3: changed 11,404,183 MWh to 1,917,068 MWh of new CETA-eligible utility scale and distributed resources to accurately reflect the MWhs that are additional and match Table 2-2.
1	Correction to Chapter 1, Table 1-1 and Chapter 2, Table 2-7: Energy Efficiency figures were changed from 536,717 to 268,358.5 to correctly reflect yearly MWhs.
2	Correction to Chapter 2, Figure 2-1: "62%" is changed to "63%."
2	Correction to Chapter 2, Table 2-2: 2022–2025 Interim Target Calculation (Cumulative energy in MWh): corrected the MWh for Energy Efficiency, CETA Retail Electric Load, Existing Hydro, NEW DER/Non-wires Solar to accurately identify the CETA Retail Electric Load and CETA-eligible Energy totals.
3	Correction to Chapter 3, Customer Benefit Indicator of Improved Affordability of Clean Energy: language clarified to properly express purpose of the metric.
5	Correction to Chapter 5, Table 5-3: corrected the Energy Efficiency numbers for the "with CETA Requirements" and reduced the "Technology and Enabling Costs for DERs" for 2024 and 2025 by \$1.7 M for No-CETA and CETA Requirements rows.
A-3	Correction to Appendix A-3 and CEIP portfolio Aurora Modeling: Updated to more accurately identify the costs used for the biodiesel plants.
E-2	Correction to Appendix E-2, 4.c Enablement and Grid Mod: "Location Pricing & Valuation Tool" is removed since it is not funded.
F	Correction to Appendix F, tab F5: the "Location Pricing & Valuation Tool" is removed since it is not funded.
L	Correction to Appendix L, Tabs "Specific Actions and Benefits" and "Specific Actions and Tasks": updated Energy contribution for Distributed Solar Programs and Community Solar.
L	Correction to Appendix L, Tab "Specific Actions and Benefits": Energy Efficiency Costs are updated.
L	Correction to Appendix L, Tab "Specific Actions and Tasks": Grid Modernization actions are updated for consistency with chapter 4.
