BACKGROUND

1 This matter comes before the Washington Utilities and Transportation Commission (Commission) for approval of a negotiated fourth amended agreement (Amended Agreement) under the Telecommunications Act of 1996 (Telecom Act). The Amended Agreement is between Ionex Communications North, Inc., (Ionex), and Qwest Corporation (Qwest), f/k/a U S WEST Communications, Inc., (U S WEST). On August 17, 2000, the parties filed a joint request that Ionex receive all arrangements provided in an interconnection agreement previously approved by the Commission between AT&T Communications of the Pacific Northwest, Inc., (AT&T) and U S WEST in Docket No. UT-960309. The Commission accepted this request on August 30, 2000. On March 28, 2001, the Commission approved the first, second, and third amended agreements. The Commission ordered that in the event the parties amended their agreement, the amended agreement would be deemed a new agreement under the Telecom Act and must be submitted to the Commission for approval. The parties filed a joint request for approval of a fourth amendment on September 9, 2002.

MEMORANDUM

2 The Amended Agreement between Ionex and Qwest was brought before the Commission at its regularly scheduled open meeting held on September 25, 2002, at its offices in

Olympia, Washington. The Commission granted its approval of the Amended Agreement as negotiated and requested by the parties.

FINDINGS OF FACT

- 3 The Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts, securities, and transfers of public service companies, including telecommunications companies.
- 4 Section 252(e)(1) of the Telecom Act requires parties to a negotiated agreement to submit the agreement to the Commission for approval. Section 252(e)(2)(A) states that the Commission may only reject an agreement (or any portion thereof) adopted by negotiation if it finds that:
- 5 (i) the agreement (or any portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
 - 6 (ii) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.
- 7 Qwest is engaged in the business of furnishing telecommunications services, including, but not limited to, basic local exchange service within the state of Washington.
- 8 Ionex is authorized to provide telecommunications services to the public in the state of Washington.
- 9 On August 17, 2000, the parties filed a joint request that Ionex receive all arrangements provided in an interconnection agreement previously approved by the Commission between AT&T and U S WEST in Docket No. UT-960309. The Commission accepted this request on August 30, 2000. On March 28, 2001, the Commission approved the first, second, and third amended agreements. The Commission ordered that in the event the parties amended their agreement, the amended agreement would be deemed a new agreement under the Telecom Act and must be submitted to the Commission for approval
- 10 On September 9, 2002, the parties filed with the Commission a joint request for approval of a fourth amendment to the previously approved interconnection agreement pursuant to the Telecom Act.
- 11 Ionex and Qwest voluntarily negotiated the entire amendment.
- 12 The Amended Agreement does not discriminate against any other telecommunications carrier.

13 The Amended Agreement will facilitate local exchange competition in the state of Washington by enabling Ionex to enter the local exchange market and increase customer choices for local exchange services.

15 The Amended Agreement is consistent with the public interest, convenience, and necessity.

ORDER
