

Ms. Washburn:

Enclosed please find Schedule 66 to replace Schedule 65. This Schedule adjusts our arrival and departure times for Sea-Tac Airport to better fit passenger flight arrival/departure times, based upon all reservations taken for the past 6 weeks.

We are also requesting "Less than Statutory Notice" approval by the Commission to eliminate the 11:55 pm departure from Sea-Tac. This time was dropped last year during the Winter/Spring slow season. It only averages 0.5 person reservation per day.

Furthermore, this run contributes significantly to revenue losses which have become critical to company cash flow, delaying payroll and accounts payable.

Sincerely,

James N. Fricke
President
