

Memorandum

January 10, 2007

To: Tami Schultz, Financial Services

From: Kathy Hunter, Transportation Safety Compliance Manager

Subject: TR-060306 – City of Cheney
Completion of Work Funded by Grade Crossing Protective Fund (GCPF)

On June 28, 2006, the Washington Utilities and Transportation Commission (commission) awarded a GCPF grant of \$8,500 to the city of Cheney in Docket TR-060306. Use of the funds was limited to installing three gates near a private crossing. The gates are designed to keep pedestrians and motorists away from the crossing during off-peak hours and away from railroad rights-of-way in Cheney, Washington.

On December 22, 2006, the city of Cheney submitted a request for reimbursement for work pursuant to commission order. Commission staff conducted a site visit on January 8, 2007 and verified that the project was completed according to the specification outlined in the order approving the grant.

The attached expenditure summary indicates the total cost of the installation of the gates is \$8,674.75. The city of Cheney is responsible for \$174.75, which is the cost for the building permit. Please issue a reimbursement check to the city of Cheney in the amount of \$8,500.
