Kathy,

Here is the second e-mail from WSDOT stating that they have no objection to moving the crossing.

Bo

Bowie, WSDOT has no objections to moving the crossing. I will need you to complete the attached permit before work can begin.

Thanks

Bob

Bob and Frank,

I have been talking to UTC about modifying the proposed location of the railroad pedestrian crossing in Spangle, WA referenced in the attached documents. Kathy Hunter has asked me to get something from WSDOT and the railroad stating that they have no objection to the changes (see below). We are shifting the location of the crossing 8' to the north to better align with the proposed crosswalk on Ash Street.

Could you review the attached documents and send me an email stating that WSDOT and the railroad have no objection to the changes? Let me know if you have any objections or questions.

Thanks,

Bowie D. McCanna, P.E.
