BACKGROUND

- On November 16, 2011, Rabanco LTD d/b/a Allied Waste Services of Bellevue, d/b/a Eastside Disposal, d/b/a Container Hauling, d/b/a Rabanco Companies, d/b/a Issaquah Division, d/b/a Rabanco Connections (Rabanco or Company), filed with the Washington Utilities and Transportation Commission (Commission) revisions to its currently effective Tariff No. 11 to increase rates due to a disposal fee increase. On December 16, 2011, the Company filed revised tariff pages designated as 15th Revised Page 1 and 4th Revised Page 24. A disposal fee increase falls within the definition of a general rate increase pursuant to WAC 480-07-505.
- 2 On November 16, 2011, Rabanco also filed a petition requesting an exemption from the work paper filing requirements set out in WAC 480-07-520.
- 3 King County has increased disposal fees from \$95.00 per ton to \$109.00 per ton effective January 1, 2012. The proposed rate increase would generate approximately \$450,600 additional annual revenue and become effective January 1, 2012. The Company serves approximately 12,300 customers located in King County. The Company's last general rate increase became effective on April 1, 2010.
- WAC 480-07-520 lists the minimum required information the Company must provide in a general rate increase filing. The Company provided information pertinent to the

disposal fee increase but did not provide the remainder of the information required by the rule.

- WAC 480-07-110 allows the Commission to grant an exemption from or modify the application of its rules if consistent with the public interest, the purposes underlying regulation, and applicable statutes. *See also WAC 480-70-051*.
- Commission Staff reviewed the tariff request together with other factors and recommended the Commission allow the tariff to become effective by operation of law, and grant an exemption from the rule for this filing for the following reason(s):
 - (a) Since the last rate case that became effective April 1, 2010, the Company experienced a decline in the number of regulated customers, due to annexations by the City of Kirkland. However, after reviewing the rate case documents, there is no reason to believe that the proposed rates are not appropriate. Further, inflation has been low, and the Company has not changed its collection methods.
 - (b) The increased disposal fees are set by King County and are required as a part of the Company's operations.
 - (c) The Company's financial information supports the proposed revenue requirement and the proposed rates.
 - (d) Staff concluded the proposed rate increase, by reason of the increase in disposal fees, is fair, just, and reasonable.

FINDINGS AND CONCLUSIONS

- The Washington Utilities and Transportation Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts and affiliated interests of public service companies, including solid waste companies. *RCW* 80.01.040, *RCW* 81.01, *RCW* 81.04, *RCW* 81.16, *RCW* 81.28 and *RCW* 81.77.
- 8 (2) Rabanco is engaged in the business of providing solid waste services within the state of Washington and is a public service company subject to Commission jurisdiction.

- 9 (3) Rabanco is subject to the filing requirements of WAC 480-07-520, for general rate increase proposals.
- Under WAC 480-07-110, the Commission may grant an exemption from the provisions of any rule in WAC 480-70, if consistent with the public interest, the purposes underlying regulation and applicable statutes. *See also WAC 480-70-051*.
- 11 (5) This matter came before the Commission at its regularly scheduled meeting on December 29, 2011.
- 12 (6) After reviewing the tariff revisions Rabanco filed in Docket TG-111986 on November 16, 2011, and on December 16, 2011, and giving due consideration, the Commission finds:
 - (a) An exemption from the general rate increase filing requirements set forth in WAC 480-07-520 is in the public interest and consistent with the purposes underlying regulation, and applicable statutes and should be granted; and
 - (b) It is in the public interest to allow the tariff revisions to Tariff No. 11 filed on November 16, 2011, and on December 16, 2011, to become effective on January 1, 2012, by operation of law.
