RE: TC-120419 (Tariff increase for CWA, Inc. d/b/a Airporter Shuttle,  
Certificate Number C-1073)

Dear Mr. Danner:

CWA has requested that we be allowed to raise our rates effective May 1, 2012. CWA also has pending two separate filings with the commission. These filings are administrative. They clean up some language and territory descriptions in our tariff. UTC staff has suggested that we let these filings run their course and then proceed on with TC-120419.

This means that we would like to change the effective date of our rate increases to May 11, 2012.

Sincerely

Richard Johnson  
President
