Some plans include specified data speeds. Where indicated, full speeds available up to data allotment; after data allotment used, speeds slowed up to 2G speeds. **Your data session, plan or service may be slowed, suspended, terminated, or restricted** if you use your service in a way that interferes with or impacts our network or ability to provide quality service to other users, if you roam for a significant portion of your usage, or if you use a disproportionate amount of bandwidth.
