To: TR-143701 - File

From: Betty Young, Compliance Investigator, Transportation Safety

Subject: **TR-143701 – Columbia Basin Railroad**  
Completion of Grade Crossing Protective Fund (GCPF) Project  
Crossing safety upgrades at M Road in Moses Lake (USDOT 396959A)

On December 22, 2014, the Washington Utilities and Transportation Commission (Commission) awarded a GCPF grant totaling \$20,000 to the Columbia Basin Railroad (CBRR) for a project related to crossing safety upgrades. CBRR planned to replace the batteries and upgrade the motion sensor train detection at the M Road crossing in Moses Lake, Washington (USDOT #396959A). The estimated total project cost was \$20,000. The actual cost of the project was \$20,011.42, and CBRR paid the overage above the grant amount.

On May 22, 2015, CBRR submitted a request for reimbursement for the project. Rail Safety staff inspected the site on June 15, 2015, and confirmed that the project was completed according to the specifications outlined in the order approving the grant.
