Re: Faber Construction, D-143952 Penalty Assessment

Dear Mr. King:

On Feb. 10, 2015, Faber Construction (Faber) was issued a \$1,000 penalty for a violation of RCW 19.122.030. Faber had the option to have the penalty waived on the conditions that (1) Faber's field crew attend "Dig Safe" training provided through the National Utility Contractors Association (NUCA); and (2) that Faber commit no further violations of RCW 19.122.030 within the next 12 months.

On Feb. 23, 2015, the commission received notification from Faber that the company admitted the violation occurred and accepted the commission's offer to waive the penalty on the stated conditions. The commission confirmed on May 18, 2015, that the first condition of the penalty waiver was met as Faber attended the NUCA "Dig Safe" training on Jan. 8, 2015. In addition, on Feb. 10, 2016, commission staff confirmed that, according to commission records, Faber has committed no further violations of RCW 19.122.030 within the past 12 months. The second condition of the penalty waiver has been met.

As both conditions have been met, staff recommends the \$1,000 penalty issued against Faber be waived and the docket closed.

Sincerely,

Susie Paul, Acting Assistant Director
Consumer Protection
