Washington Utilities & Transportation Commission
1300 S. Evergreen Park Drive SW
Olympia, WA 98504-7250

RE: Docket UT-151295 (Sprint's Discontinuance of Residential Long Distance Services)

Dear Mr. King:

Pursuant to a request from the Commission's Regulatory Analyst, Tim Zawislak, Sprint provides the following additional information regarding its discontinuance of residential long distance services in the State of Washington. Accompanying this letter you will find the following:

1. A corrected version of Sprint's long distance subscriber list. The modification deletes the reference to the one customer in "Calema". It also adds one customer in "Kalama" (see Attachment A).
2. A copy of the Second Customer Notice that will be provided to the FCC on August 14, 2015 (see Attachment B).
3. A copy of the text of the Bill Messages for July and August 2015 (see Attachment C).

With respect to Mr. Zawislak's inquiry regarding an update on the status of our petition before the FCC, we respond as follows:

"Sprint has not received any questions, etc. from the FCC related to our Application. Sprint anticipates that the FCC will publish our Application as a Public Notice on or around August 19th (30 days prior to our requested approval date). When our Application is published the FCC will assign the docket number. If there are no comments filed within the FCC timeline of 15 days our Application will be deemed effective on the date requested, September 19, 2015".

Very truly yours,

/s/ Kristin L. Jacobson
