Registered Trade Name:

Item 10 – Application of Rates – General

Rates named in this tariff cover the collection, transportation, handling, treatment, and disposal of medical waste. Unless otherwise provided herein, rates contained in this tariff apply to the transportation of biohazardous, biomedical, or infectious waste, including sharps, pathological waste, pharmaceutical waste, and chemotherapy waste defined in WAC 480-70-041.

Item 15 – Holiday Pickup – Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following: The next regularly scheduled working day after the holiday for regularly scheduled pick-ups.

Item 16 – Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change.

Notice must be made at least seven days before implementation of the new pickup schedule and may be made via email, mail, personal contact, or by a notice being affixed to the customer's solid waste receptacle.

Item 17 – Refunds

The transport operation to our Multicare Healthcare System customer is a complementary service and it is not for a compensation. There is no credit, overcharges, or refund to be processed to our customer.

Item 18 – Billing, Advance Billing, and Payment Delinquency Dates

The transport operation to our Multicare Healthcare System customer is a complementary service and it is not for a compensation. There is no billing due to our customer for hauling medical waste.

Item 20 – Definitions

NOTE: The definitions shown on the first three pages of this item are standard, in most cases prescribed by rule. Companies may not amend these definitions. Companies wishing to add definitions specific to their company's operations must include those definitions on a separate page, entitled, "Company-specific definitions." A blank sheet is provided for that purpose.

- Bale:** Material compressed by machine and securely tarped or banded.
- Bulky Materials:** Empty carriers, cartons, boxes, crates, etc., or materials offered for disposal, all of which may be readily handled without shoveling.
- Charge:** A set flat fee for performing a service. Or, the result of multiplying a rate for a unit times the number of units transported.
- Commercial Billing:** Service billed to a commercial customer or billed to, and paid for, by a property manager or owner rather than a residential tenant.
- Compacted Material:** Material that has been compressed by any mechanical device either before or after it is placed in the receptacle handled by the company.
- Compactor Disconnect/ Reconnect Charge:** A flat fee established by the solid waste collection company for the service of disconnecting a compactor from a drop box or container before taking it to be dumped, and then reconnecting the compactor when the drop box or container is returned to the customer's site.
- Gate charge:** A flat fee charged for opening, unlocking, or closing gates in order to pick up solid waste.
- Loose material:** Material not set out in bags or containers, including materials that must be shoveled.
- Multi-family residence:** Any structure housing two or more dwelling units.
- Packer:** A device or vehicle specially designed to pack loose materials.
- Pass through fee:** A fee collected by a solid waste collection company on behalf of a third party when the fee is billed directly to the customer without markup or markdown.

Item 20 – Definitions, continued

Permanent service: Container and drop-box service provided at the customer's request for more than ninety days.

Rate: A price per unit or per service. A rate is multiplied times the number of units transported or the number of times a service is performed to determine a charge.

Solid waste receptacle: includes the following items, with the following meanings:

Automated cart means a cart designed to be picked up and emptied by mechanical means. The specific type and size are to be defined in rate items.

Can means a receptacle made of durable, corrosion-resistant, nonabsorbent material that is watertight, and has a close-fitting cover and two handles. A can holds more than twenty gallons, but not more than thirty-two gallons. A can may not weigh more than pounds when filled.

Cart means a wheeled plastic container. A cart may also be referred to as a toter. If supplied by a customer, a cart must be compatible with the company's equipment. The size and type of cart that is compatible will be established in each company's tariff.

Container means a detachable receptacle (normally designed to hold at least a cubic yard of solid waste) from which materials are collected by mechanically lifting the receptacle and emptying the contents into the company's vehicle.

Drop box means a detachable receptacle used to provide solid waste collection service by the receptacle being placed on the company's vehicle by mechanical means and transported to a disposal site.

Drum means a metal or plastic container of approximately fifty-gallon capacity, generally used for oils or solvents. A drum may not weigh more than pounds when filled.

Litter receptacle means a container not over sixty-gallon capacity, generally placed in shopping centers and along streets or highways for litter. A litter receptacle may not weight more than pounds when filled.

Item 20 – Definitions, continued

Micro-mini can means a can made of durable, corrosion-resistant, nonabsorbent material that is watertight and has a close-fitting cover. A micro-mini can may not hold more than ten gallons. A micro-mini can may not weight more than _____ pounds when filled.

Mini-can means a can made of durable, corrosion resistant, nonabsorbent material that is watertight and has a close-fitting cover. A mini-can may not hold more than twenty gallons. A mini-can may not weight more than _____ pounds when filled.

Recycling bin or container means a bin or container designed or designated for the collection of recyclables. The size and type of recycling bin or container will be established in each company's tariff.

Toter means a wheeled plastic container. A toter may also be referred to as a cart. If supplied by customer, a toter must be compatible with the company's equipment. The size and type of toter that is compatible will be established in each company's tariff.

Unit means a receptacle made of durable, corrosion-resistant, nonabsorbent material, that is watertight, and has a close-fitting cover and two handles. A unit holds more than twenty gallons, but not more than thirty-two gallons or four cubic feet. A unit may not weigh more than 60 pounds when filled.

Where agreed on between the company and the customer, and where allowable under local ordinance, a box, carton, cardboard barrel or other suitable container may be substituted for a solid waste can, for a single pick-up that includes removal of the container, if it meets the size and weight limits established in the company's tariff.

Yardwaste bin or container means a bin or container specifically designed or designated for the collection of yardwaste. Each company's tariff will refer to a specific type of yardwaste bin or container to be used by customers in a service area. The type, size, weight, etc., of this type of bin or container will often be set by local government plans or ordinances.

- Special pick-up:** A pick-up requested by the customer at a time other than the regularly scheduled pick-up time, that requires the special dispatch of a truck. If a special dispatch is required, the company will assess time rates established in the company's tariff.
- Supplement:** A page added to the beginning of a tariff, normally to cover emergency, temporary, or special situations. An example is a page issued to show a special surcharge imposed by a city.
- Temporary service:** Temporary service means providing container or drop-box service at the customer's request, for a period of ninety days or less.
- Unlatching:** Another term for a gate charge. A flat fee imposed by a solid waste collection company when the company's personnel must unlatch a gate or door to perform pickup service.
- Unlocking:** A flat fee imposed by a solid waste collection company when the company's personnel must unlock padlocks or other locking devices to perform pickup services.

Item 30 – Limitations of Service

1. **Schedules.** A company's schedule will meet reasonable requirements and will comply with local service level ordinances.
2. **Due care.** Other than to offer reasonable care, the company assumes no responsibility for articles left on or near solid waste receptacles.
3. **Liability for damage.** When a customer requests that a company provide service and damage occurs to the customer's driveway due to reasons not in the control of the company, the company will assume no responsibility for the damage.
The generator acknowledges that the Company shall not be liable for any damages to pavement or driving surfaces resulting from its trucks servicing an agreed upon area and generator shall defend, indemnify and hold the Company harmless from and against any and all claims for loss of damage to property, or injury to, or death of any person or persons resulting from the driving of said trucks in that area.
4. **Refusal of service.** (Except as set forth in Section 5, Missed service due to unsafe weather conditions road conditions, natural disaster or when government authority restricts access to local roads.)

A solid waste collection company may refuse to:

- Collect solid waste from points where it is hazardous, unsafe, or dangerous to persons, property, or equipment to operate vehicles due to the conditions of streets, alleys, or roads.
- Drive into private property when, in the company's judgment, driveways or roads are improperly constructed or maintained, do not have adequate turn-arounds, or have other unsafe conditions; or
- Enter private property to pick up solid waste while an animal considered or feared to be dangerous is not confined. The customer will be required to confine the animal on service days.

5. **Missed service due to unsafe weather conditions, road conditions, natural disaster or when government authority restricts access to local roads.** A company is not required to collect solid waste when the company determines that it is unsafe to operate due to weather conditions, road conditions, natural disaster, or when government authority restricts access to local roads. The company will collect on the next scheduled service date on which the company deems it is safe to operate, and will take other reasonable actions to resume or provide alternative service as soon as reasonably practicable.

- a. The company is not obligated to extend credit to customers for missed service if the company collects the customers' accumulated solid waste on the next scheduled service date on which the

company deems it to be safe to operate. The company will not charge for extra waste set out (except provided in Item 207, if applicable) in addition to customers' normal receptacle(s), if the amount of extra waste does not exceed the amount that reasonably would be expected to accumulate due to missed service.

- b. If the company does not collect a customer's accumulated solid waste on the next scheduled service date on which the company determines it is safe to operate, the company is required to give a credit, proportionate to the customer's monthly service charge, for all missed service(s).
6. **Packaging.** The company will not knowingly accept packaged or containers that are damaged or not properly packaged and labeled. The company may also reject any overfilled or overweight package. The company shall not knowingly accept or transport any shipment that does not meet regulatory requirement pertinent to packing, labeling, handling, and transport. Compacted materials shall not be accepted. Transporter reserves the right to modify standard boxes and containers sizes provided the disposal cost or cost per gallon equivalent is consistent with the tariff of the company. The company will provide the appropriate boxes/containers for medical waste and sharps as an option to the customer when signing up for a collection program. The customer is responsible for proper segregation and packaging of the medical waste
7. **Pick up.** The company may reject shipments that are not immediately available for pickups or readily accessible to the driver. Pick up area shall not be obstructed during collection's time.
8. **On Call, Scheduled, and Minimum Services.** An on-call service is a non-routed, appointment only service. A scheduled service shall be any service which is regularly scheduled as to specific date(s) or day(s) each month with consistent frequency. A minimum service shall be any pick up service performed on a periodic schedule with a minimum charge per pickup. The company will also offer a periodic schedule to our regular route customers.
9. **Manifest.** All manifesting paperwork must be properly completed, verified, and appropriately signed by the generator. Manifest shall also be available at the time of pickup.
10. **Accepted and Prohibited Waste.** The company will only accept and transport authorized medical waste as defined under UTC license. Accepted waste includes biomedical waste/infectious waste, sharps, pathological waste, pharmaceutical waste, and chemotherapy waste. The company shall not knowingly accept or transport any materials or shipment which does not meet packing, labeling, and handling requirements imposed or required by law. The customer is responsible for proper segregation and packaging of the medical waste. In the event the company discover a load of nonconforming/prohibited waste, the company will isolate the identified hazardous or radioactive materials and contact the generator to remove the unaccepted waste at the customer's expense.

Item 35 – Medical Waste Pick up, Treatment and Disposal Rate

Partnering with Multicare Health System, EcoMed Services will be providing onsite turnkey solutions to manage, neutralize, and dispose of MHS generated medical waste. Our onsite and offsite medical waste management solutions will be managed by EcoMed Service and will include providing technology (sterilizers) and engineering, labor and operation, compliance and training, maintenance and quality control, collection and transport, and recycling application of the end product (Treated medical waste). Please note that the transport operation is a complementary service to our customer and it is not for a compensation.

Item 40 – Material Requiring Special Equipment, Precautions, or Disposal

Transportation of solid waste requiring special equipment or precautions in handling or disposal will be subject to time rates named in Item 160, or to other specific rates contained in this tariff.

Companies must make every effort to be aware of the commodities that require special handling at the disposal sites named in the company's tariffs. The company shall maintain a list of those commodities and make it available for public inspection at the company's office.

Item 45 – Material Requiring Special Testing and/or Analysis

When a solid waste collection company or disposal facility determines that testing and/or analysis of solid waste is required to determine whether dangerous or prohibited substances are present, the actual cost for such testing and/or analysis will be paid by the customer. The company must provide the customer with a copy of any bill or invoice for costs incurred for testing and/or analysis and also must retain a copy in the company's file for at least three years. Those costs shall be passed through to the customer without markup. The company must maintain records of time spent to accomplish the special testing and/or analysis, and may bill the customer for that time under the provisions of Item 160 (Time Rates).

Item 50 – Returned Check Charges

Returned check charge. If a customer pays with a check, and the customer's bank refuses to honor that check, the customer will be assessed a returned check charge in the amount of \$ 0.00 .

Item 160 – Time Rates

When time rates apply. Time rates named in this Item apply:

- When material must be taken to a special site for disposal;
- When a company's equipment must wait at, or return to, a customer's site to provide scheduled service due to no disability, fault, or negligence on the part of the company. Actual waiting time or time taken in returning to the site will be charged for; or
- When a customer orders a single, special, or emergency pickup, or when other items in this tariff refer to this Item.

How rates are recorded and charged. Time must be recorded and charged for to the nearest increment of 15 minutes. Time rates apply for the period from the time the company's vehicle leaves the company's terminal until it returns to the terminal, excluding interruptions. An interruption is a situation causing stoppage of service that is in the control of the company and not in the control of the customer. Examples include: coffee breaks, lunch breaks, breakdown of equipment, and similar occurrences.

Disposal fees in addition to time rates. Item 230 disposal fees for the specific disposal site or facility used will apply in addition to time rates.

Item 200 -- Containers and/or Drop Boxes – General Rules

Availability. A company must maintain a supply of all sizes of containers and drop boxes for which rates are listed in this tariff. If a customer requests a container or drop box of a size listed in the company's tariff, and the company is unable to provide the requested size within 7 days of the customer request, the customer must be notified in writing or by telephone.

Alternate-sized containers and/or drop boxes. If the company cannot provide the requested-sized container or drop box (and that size is listed in the company's tariff), the company must provide alternate-sized containers or drop boxes, sufficient to meet the capacity originally requested by the customer, at the same rates as would have applied for the requested container or drop box.

Disposal fees due on alternate-sized drop boxes. If the company provides alternate-sized drop boxes, the customer is responsible for all lawfully applicable disposal fees resulting from the use of the alternate drop boxes.

Rates on partially-filled containers and/or drop boxes. Full pickup and rental rates apply regardless of the amount of waste material in the container or drop box at pickup time.

Rates for compacted materials. Rates for compacted material apply only when the material has been compacted before its pickup by the company.

Rates for loose material. Loose material dumped into the company's packer truck is subject to the rates for non-compacted material even though the material may be compacted later in the packer truck.

Permanent and temporary service. The following rules apply:

- (a) If a customer requests a container or drop box for less than 90 days, the customer will be billed at temporary service rates.
- (b) If a temporary service customer notifies the company that it has decided to retain the container or drop box for more than 90 days, permanent service rates will be assessed from the 91st day until the end of the period the customer retains the container or drop box.
- (c) If a customer requests a container or drop box for more than 90 days, the customer will be billed under permanent rates. If that customer cancels service before the end of the 90-day period, the company may not rebill the customer at temporary service rates. The intent of the customer at the time service was requested applies.

Item 207 – Excess Weight – Rejection of Load, Charges to Transport

The company reserves the right to reject pickup of any container, stationary packer, or drop box which, upon reasonable inspection:

- Appears to be overloaded;
- Would cause applicable vehicle load limitations to be exceeded;
- Would cause the company to violate load limitations or safe vehicle operation; and/or
- Would negatively impact or otherwise damage road surface integrity.

For the purposes of this tariff, the following maximum weights apply:

Type of Container	Capacity/Size	Maximum Weight Allowance (in pounds)
Containers/Tub		
Small Size I	5-8 gal	20 lb.
Small Size II	10-15 gal	35 lb.
Medium	18-23 gal	50 lb.
Large Size I	28-35 gal	60 lb.
Large Size II	40-48 gal	60 lb.
Cardboard Box		
Small	13-15 gal	40 lb.
Medium	23-30 gal	45 lb.
Large	33-40 gal	50 lb.
Cart/Toter		
Small	32 gal	80 lb.
Medium	64 gal	120 lb.
Large	96 gal	150 lb.

Overfilled or overweight, charges if transported. If the container, drop box, toter, or cart exceeds the limits stated above, is filled beyond the marked fill line, or the top is unable to be closed, but the company transports the materials, the following additional charges will apply:

\$ 0.00 per lb in excess of the allowed maximum capacity per container if corrective actions are not implemented to keep the weight within acceptable limits.
