RE: *In the Matter of the Penalty Assessment Against T Barger Dirtworks in the Amount of \$1,000,*
Docket DG-210256

TO ALL PARTIES:

On May 5, 2021, the Washington Utilities and Transportation Commission (Commission) assessed a \$1,000 penalty (Penalty Assessment) against T Barger Dirtworks (T Barger or Company) for one violation of Revised Code of Washington (RCW) 19.122.055(1)(a). In the Penalty Assessment, the Commission offered the Company the option to suspend and ultimately the penalty subject to the conditions that: a) T Barger management and field crew responsible for excavation attend National Utility Contractors Association Dig Safe online training, and b) the Company commit no further violations of RCW 19.122 within 12 months from the date of the Penalty Assessment.

On May 28, 2021, the Company notified the Commission that it accepted the conditions.

On May 6, 2022, Commission staff (Staff) filed a letter informing the Commission that the Company had verified completion of the required training and that T Barger had not incurred any additional violations of the dig law since the Penalty Assessment. In its letter, Staff recommends the Commission waive the suspended penalty and close the docket.

The Commission agrees that T Barger has complied with the conditions of the Penalty Assessment. The penalty is thus waived, and this docket is closed.
