COMMISSION

Dear Ms. Maxwell:

Puget Sound Energy (“PSE”) filed its 2021 Clean Energy Implementation Plan (“CEIP”) on December 17, 2021 consistent with the requirements of General Order R-601 in Dockets UE-191023 and UE-190698 and Washington Administrative Code (WAC) 480-100-640. PSE subsequently discovered that it needed to make technical corrections in portions of the figures and text throughout the document and in some of the appendices, including CONFIDENTIAL materials. As a result, PSE has made technical corrections to its filed CEIP and submits the attached corrected version of its 2021 CEIP dated February 1, 2022 for filing in docket UE-210795. These technical corrections do not alter the targets, specific actions, or incremental costs in the CEIP period nor any other substantive portions of the CEIP. A list of the primary technical changes made to the document are attached for your convenience.

Please note that certain information in the enclosed filings is marked as CONFIDENTIAL per WAC 480-07-160. This is a corrected version of CONFIDENTIAL files previously submitted. Such CONFIDENTIAL information contains valuable commercial information, including trade secrets or confidential marketing, cost or financial information, of PSE and other entities and, pursuant to RCW 80.04.095, is not subject to inspection or copying under Chapter 42.56 RCW.

If you have any questions about the information contained in this filing, please contact Kara Durbin at (425) 456-2377. If you have any other questions please contact me at (425) 456-2142.

Sincerely,

*/s/ Jon Piliaris*
