**RE: 2015 Qualifying Storm Event Report – August 29, 2015 Event**  
Filed Electronically via WUTC Web Portal and by Overnight Mail

Dear Mr. King:

Pursuant to the paragraph No. 246 of Final Order No. 6, Docket Nos. UE-040641 and UG-040640, et al.<sup>1</sup> ("Order No. 6"), Puget Sound Energy ("PSE") provides herewith a detailed report for the qualifying storm event occurred on August 29, 2015. This is the second qualifying storm event for 2015. In addition to documenting the impacts of the August 29<sup>th</sup> storm event, this report also summarizes PSE's response to the event and the up-to-date 2015 electric system restoration costs associated with the two 2015 qualifying storm events.

The August 29<sup>th</sup> event has resulted in significant electric system storm damage that exceeds the \$8 million annual threshold for the deferrable electric system restoration O&M costs for the purpose of Catastrophic Loss Accounting Deferral Mechanism. All subsequent eligible 2015 qualifying events restoration O&M costs will be deferred in accordance with Order No. 6. PSE will submit additional supplemental Qualifying Events Reports to update the cost information if needed.
