**Re: Docket UE-131883  
Distributed Generation Annual Report - Revised**

Dear Mr. King:

Attached is Puget Sound Energy's ("PSE's" or "the Company's") revised Distributed Generation Annual Report. This revised report includes amounts of distributed generation interconnected to PSE's distribution system as of April 30, 2016. PSE recently discovered that its previously filed report dated August 1, 2016 erroneously included data as of April 30, 2015. This revised report updates the data to the correct reporting year, i.e. year-end April 30, 2016.

Please note that PSE will further revise this report later this year to include data for net metering credits and energy production. This data is more difficult to compile as it spans multiple internal PSE tracking systems. PSE will update this report after it compiles the requisite data.

Please contact Nate Hill at (425) 457-5524 ([nate.hill@pse.com](mailto:nate.hill@pse.com)), or Heather Mulligan at (425) 456-2916 ([heather.mulligan@pse.com](mailto:heather.mulligan@pse.com)) for additional information about this filing. If you have any other questions, please contact me at (425) 456-2110.

Sincerely,

*/s/ Kenneth S. Johnson*
