**Re: PSE Service Quality Program – Service Provider Report
Docket Nos. UE-011570 and UG-011571**

Dear Mr. Danner:

Pursuant to Exhibit J of the Settlement Stipulation Re Service Quality Index ("SQI") in Docket Nos. UE-011570 and UG-011571 and as amended in Docket No. UE-031946, Puget Sound Energy ("PSE") provides herewith an original and twelve copies of PSE's Service Quality Program – Service Provider Report for the six-month period ending June 2007.

The enclosed report shows Service Provider Index ("SPI") performance of PSE's service providers, Quanta and Pilchuck, and applicable service quality metrics for the reporting period. The benchmark thresholds were established using PSE's in-house performance prior to the implementation of the service provider contracts. The thresholds and the overall performance of the two service providers for the reporting period are outlined below:

- SPI No. 1 Standards Compliance – Receive at least 95% compliance with site audit check list points for Pilchuck and Quanta. For the reporting period, the service providers met the benchmark. The results are: Pilchuck at 97%. Quanta-Gas at 97%, and Quanta-Electric at 97%.

- SPI No. 2 Customer Satisfaction – Achieve a minimum of 83% satisfactory rating for Pilchuck and a minimum of 78% for Quanta of the new construction

customers ("NCC") survey regarding contractor engineering and construction activities (rating of 5 or higher on a 7-point scale). Survey results indicate that both service providers missed their metrics. Pilchuck's performance was 77% and Quanta's performance was 73%.

SPI No. 3 Appointments Kept – Meet at least 92% for Pilchuck and 98% for Quanta of all NCC commitment dates relative to service guarantee. Both service providers kept almost all the NCC service guarantee appointments and met their benchmark.

SPI No. 4 Gas Second Safety Response – Response within an average of 60 minutes from First Response assessment completion to Second Response arrival. This index pertains only to Pilchuck. The year-to-date response time of the service provider was 53 minutes, 7 minutes quicker than the threshold.

Please contact Mei Cass at (425) 462-3800 for additional information about this filing. If you have any other questions, please contact me at (425) 462-3495.

Sincerely,

Tom DeBoer
