BENCH REQUEST NO. 013

BENCH REQUEST NO. 013:

Please provide fully functional electronic versions and print-outs of Exhibit Nos. 227 (Karzmar KRK-6) and 432 (Story JHS-12) in Microsoft Excel format, including all formulas.

First Revised Response:

The public and confidential versions of Attachment B to Puget Sound Energy, Inc.'s ("PSE") Response to Bench Request No. 013 contained "#value" errors because of the redaction of the confidential and/or highly confidential data contained within the redacted and confidential versions of the model. Please note that the highly confidential version of Attachment B to PSE's Response to Bench Request No. 013 did not contain the "#value" errors.

To correct these "#value" errors, PSE has summarized the confidential and/or highly confidential data in a manner that appropriately protects such data but allows the public and confidential versions of the model to work without the "#value" errors.

Attached as Attachment A to PSE's First Revised Response to Bench Request No. 013, please find revised public and confidential electronic versions of Attachment B to PSE's Response to Bench Request No. 013 that work without the "#value" errors.

Attachment A to PSE's First Revised Response to Bench Request No. 013 is designated as CONFIDENTIAL per Protective Order in WUTC Docket Nos. UE-060266 & UG-060267.
