Re: UT 053039 – Petition for Enforcement of Interconnection Agreement with Qwest

Dear Judge Rendahl:

Level 3 and Qwest are currently engaged in settlement negotiations to resolve all outstanding issues between the parties in this case. To allow the parties time to complete these negotiations, they ask that the Commission suspend the current schedule for this case until November 30, 2005. The parties will further update the Commission at that time. The parties request that during the suspension period, the Commission refrain from issuing any orders in this case.

Sincerely,

Lisa F. Rackner
