RE: PACIFICORP GENERAL RATE CASE

*PacifiCorp's Response to Staff Data Request No. 100*

November 3, 2005

UE-050684/PacifiCorp  
June 28, 2005  
WUTC Staff Data Request 100

**WUTC Staff Data Request 100**

Regarding Mr. Paul Wrigley's Direct Testimony, Exhibit No. \_\_\_ (PMW-1T), page 8, lines 7-15, please provide in excel format all data, models, equations, documents or reports used to support the weather normalization procedure PacifiCorp uses in its case.

**Response to WUTC Staff Data Request 100**

Attachment WUTC 100, provided on the enclosed CD, contains the information the Company has supporting its weather normalization procedure. This process is done using a mainframe computer and as such the only information available to the Company is a printout which has been converted to adobe format in the attached file. The coefficients used for weather normalization are developed periodically. However, the specific data used for and equations resulting from their development are no longer available in the Company's records. The Company is willing to meet with WUTC Staff to discuss the weather normalization process or issues.
