2700

August 22, 2007

Ms. Carole J. Washburn, Secretary
Washington Utilities and Transportation Commission
P.O. Box 47250
1300 S. Evergreen Park Drive S.W.
Olympia, WA 98504-7250

Dear Ms. Washburn;

Attached please find our tariff filing to request an increase in revenue of approximately \$148,095. The company is asking for Less than Statutory Notice for the rates to go into effect, and we hope to have these rates effective Sept. 1, 2007.

The rate increase will raise rates for metered residential, commercial and bulk users approximately 62%. Ready-to-serve customer rates will increase from \$12.00 to \$21.92.

I certify that Chris Vierthaler, the utility's general manager, has the authority to issue tariff revisions and file tariff revisions electronically.

Documentation and copies of our customer notification are also attached.

Sincerely yours,

ROSARIO UTILITIES, L.L.C.

Chris Vierthaler
General Manager
