Hello Kris and Charlie.

This new pricing information is 2% higher than the original 2020 pricing received.
 Based on this the per haul cost at 450 TPD would equate to \$716.88:

	2021 rates		
	Proposed		
delivery	\$	56.64	
20yd Haul	\$	110.28	
Weight cost/ton	\$	53.26	9
Mileage 1st 5 miles free	\$	3.21	22
	2% increase	\$	716.88

Based on my math, 450 TPD production gives 58 TPD waste we would see about 7 dumpsters leaving the mill each day and replaced with empties. This equates to approximately \$5,018.16 per day and annualized to \$1.831MM.

To make this equitable for both sides, I need the per haul rate to be \$549.96:

	Proposed		
delivery	\$	-	
20yd Haul	\$	-	
Weight cost/ton	\$	53.26	9
Mileage 1st 5 miles free	\$	3.21	22
		\$	549.96

Which at 450 TPD annualizes to \$1.293MM and this is a significant new business for BDI.

Let me know if you would like to schedule a call to discuss.

Sam and Skyler,

I now have the pricing for 2021 for the 20yd containers. They are minimal changes on the prices but I wanted to make sure you had accurate information.

Delivery	\$56.64
20yd Haul	\$110.28
Tip Fee	\$53.26 per ton
Mileage	\$3.21 per mile

Thank you,

Kris May

Sam,

Attached is the locations for the BDI dumpsters and traffic flow for their trucks at OCC. I put down that their trucks can enter through either gate 1 or 3.

Thanks,

Skyler Rachford
