**RE: Dockets UE-220053, UG-22054, and UE-210854 – Multi-Year Rate Plan Metrics
Compliance Filing**

Dear Ms. Maxwell:

On January 24, 2023, in compliance with paragraph 193 of Final Order 10/04 in Dockets UE-220053, UG-220054, and UE-210854 (*Consolidated*), Avista Corporation, dba Avista Utilities (Avista or the Company), made its compliance filing, which included the measures and calculations outlined in Table 8 of the Final Order for the years 2019-2022. Regarding the Operational Efficiency and Earnings metrics required, the Company noted that data for calendar year 2022 would not be available until after the Company's next earnings call, scheduled for February 22, 2023, or until the Company's FERC Form 1 has been filed by the end of April. Certain information is now available for 2022; as such, the Company supplements the compliance filing made on January 24th and will further supplement the compliance filing in late April.

If you have any questions regarding this filing, you can contact me at 509-495-2782 or shawn.bonfield@avistacorp.com.

Sincerely,

/s/ Shawn Bonfield
