Part B Requirements and/or Recommendations

1. THIS COMPLIANCE REVIEW WILL RESULT IN AN INTRASTATE SAFETY RATING. TO OBTAIN A COPY OF THIS RATING, CONTACT CAROLYN CARUSO AT 360-664-1244.
2. "Under the Administrative Procedure Act (RCW) 34.05 (Laws of 2009, Ch. 358), the commission will waive any fines, civil penalties, or administrative sanctions for first-time paperwork violations by a small business, with certain exceptions. One of those exceptions provides that any violation of a substantially similar paperwork requirement (as described in Part B on this form), may result in the imposition of a fine, civil penalty, or other administrative sanction. The company will not be entitled to a second waiver of penalties for "first-time" paperwork violations."
3. ENSURE THAT EVERY NON-CDL DRIVER IS ROAD TESTED AND A PROPER ROAD TEST CERTIFICATE IS ISSUED. MAINTAIN A COPY OF THE ROAD TEST AND ROAD TEST CERTIFICATE IN THE DRIVER'S QUALIFICATION FILE.

Special Study Information:

Remarks:

PART C Template:

REMARKS:

On February 23rd, 2011, I contacted Ms. Katherine Hill, vice-president of DLK Moving & Storage, Inc.(DLK), at the carrier's office located at 26394 NW Pioneer Way, Poulsbo, WA.

REASON FOR INVESTIGATION:

This compliance review was initiated because DLK is a provisional household goods carrier permitted with the commission under permit #THG-63309. This carrier's provisional authority became active on July 17th, 2008. I postponed conducting this compliance review in anticipation of this carrier conducting an intrastate households good move under it's provisional authority. This move, the only one conducted by DLK, occurred on November 28th, 2009.

SCOPE OF INVESTIGATION:

This assignment was a full safety compliance review and vehicle inspection. DLK is registered with the Federal Motor Carrier Safety Administration, as an intrastate carrier only, under USDOT #930014 and MC #401161. The carrier has attended the required new entrant household goods training seminar. DLK was never in the federal new entrant program. I examined the carrier's records for the previous twelve months.

CARRIER OPERATION DESCRIPTION:

DLK currently employs one (1) non-commercial driver license driver and owns and operates one (1) straight truck. The driver is currently serving in the military assigned overseas. The truck is grossed at 16,000 pounds and operated a total of 3,925 miles in the last twelve months. This mileage includes the one intrastate household goods move, as well as mileage attributed to pack van usage and operations conducted under the parent company, Hill Moving Services, Inc. The reason DLK was formed was in order for the company to bid on interstate moves as an agent for National Van Lines, Inc. Current ownership of DLK is attempting to finalize a contract with this interstate household goods carrier.

In 2010, DLK grossed a total of \$63,633. This includes goods sold as well as limited household goods operation. Total

Part C

expenses for this same time period amounted to \$196,492, resulting in a net income of -\$102,307. I obtained this information from the carrier in the form of a profit/loss balance sheet. This negative balance does not appear to affect the carrier's safety posture and should improve once the carrier obtains the contract with National Van Lines, Inc.

In addition to Ms. Hill, additional officers of the company include Ms. Deborah Hill, president, and Ms. Francis Emery, secretary.

I inspected the carrier's vehicle, using ASPEN, and issued a valid CVSA decal. The noted violation was failing to identify the vehicle with commission permit name and number, and the assigned USDOT number. Ms. Hill stated that she would comply with the requirement immediately. The vehicle is insured with the Transguard Insurance Company of America, Inc., Policy #TCP111621. Ms. Hill stated that all maintenance on the vehicle is provided by outside vendors.

The carrier did not experience any recordable accidents during the previous twelve months.

I obtained the carrier's safety profile from MCMIS. The profile did not have any inspections over that past three years.

I provided Ms. Hill with a current copy of the commission's safety guide.

The following safety violation was noted during this review:

CFR PART 391 - DRIVER QUALIFICATIONS:

The driver file for Mr. Garrett failed to contain a road test and road test certificate. Ms. Hill stated that she would comply with this regulation when the driver returns from his current military commitment. I performed a driver's check through the Washington State Department of Licensing web site and noted that Mr. Garrett is properly licensed.

I did not observe any other safety violations. As a result of this compliance review, DLK received a Satisfactory safety rating.

I am submitting this assignment for closing and upload to MCMIS as an intrastate review only. In addition, I am recommending DLK for permanent household goods authority.
