Reference: WUTC Inspection, August 2009 – Docket PG-090031

Dear Ms. Soiza:

This letter is to inform you that Inland Empire Paper Company (IEP) has installed test leads on the natural gas pipeline next to two casings as requested by the WUTC inspection report docket #PG-090031.

Your letter accepting IEP's plan for this scope of work was received on October 26, 2009. In that letter, you requested that the WUTC be notified of the date for this work to provide the WUTC the opportunity to be on site if schedules allowed. Unfortunately, the job was already scheduled for the next day, October 27th, and the work was completed that day.

This work, as described above, completes all issues related to docket PG-090031.

If you have any questions, please contact me at 509-924-1911.

Sincerely,

Kevin Davis
Production Manager
