Dear Valued Commercial/Multi-family Customer:

Blaine Bay Refuse (BBR) appreciates the opportunity to provide you with garbage and recycling collection services. This notice is to inform you of a proposed increase in the garbage and recycling collection portions of your bill. This will be the first general rate increase in more than three years. Since 2006, costs for employee hourly wage, health, welfare and pensions have increased substantially and made it necessary for us to request this rate adjustment.

Since SSC acquired BBR last year, we have been working to correct deficits resulting from this lengthy time span between rate adjustments. We work hard to keep rates low, in part, by reviewing and adjusting rates on a regular basis. We apologize for the magnitude of this rate adjustment and do not anticipate a rate increase of this size again. It is our goal to provide customers with quality collection services at the lowest possible costs. We will strive to keep your rates as low as possible in the future. For questions or more information, please contact us at 360-734-3490 or ssc@ssc-inc.com. Thank you for the opportunity to serve you.

Sincerely, *Paul Razore, President*

Notice of Change in Commercial/Multi-Family Rates

Blaine Bay Refuse (BBR) has filed a request for a change in commercial/multi-family garbage and recycling rates with the Washington Utilities & Transportation Commission (UTC). Proposed rates for the most common services are listed below. If you do not have weekly garbage collection service, and you would like to know the proposed rate, please contact us at 360-734-3490 or by email at ssc@ssc-inc.com. If this request is approved by the UTC, the new rates would become effective August 1, 2009, and would apply to all commercial/multi-family collection customers in unincorporated Whatcom County.
