We have received notice of docket TV-091267 for a new applicant **City Movers, LLC**

We are protesting the name of this new household goods moving company because it is too similar to our company name that we have had for many years under HG000428.

We believe that the similar names could cause confusion for consumers. We respectfully request that the new applicant select a different company name that does not resemble **City Moving Systems**.

Thank you,  
Donna Hyatt, President
