Washington Utilities and Transportation Commission  
1300 S. Evergreen Park Drive SW

Re: Docket No. UW-100622 - South Bainbridge Water System, Inc.

Dear Mr. Danner:

The purpose of this letter is to move the Commission pursuant to WAC 480-07-380 to withdraw the above-referenced tariff filing. It has come to the point that is obvious the Company and Commission Staff will not be able to reach agreement in this matter. The Company does not have the resources to proceed to hearing in this docket.

Thank you for your attention to this matter.

Sincerely,

RICHARD A. FINNIGAN
