24. Relevant Carrier History:

This is an intrastate only provisional household goods company that obtained his temporary authority 11-9-10. The company attended the commission's HHG training classes on 7-12-11. An initial compliance review during June 2012 resulted in a conditional safety rating.

5. Findings:

This carrier has set up and now maintains complete records for the owner/operator and his one non-CDL moving truck. One minor paperwork violation was noted of the driver qualification files. The owner did not have his annual review of his driving record properly executed. The office manager, Mrs. Lethia Maggitt completed the required form for compliance on 2-7-13. All regulations are now complied with including driver qualification files, hours of service records, and inspection, repair and maintenance files.

At the conclusion of this review the carrier received a satisfactory safety rating.
