From: Kathy Hunter, Deputy Assistant Director Transportation Safety

Subject: TR-111919 Washington & Idaho Railway, Inc.
Grade Crossing Protective Fund (GCPF) project to modify active warning devices on Main Street in the City of Palouse

On November 30, 2011, the Washington Utilities and Transportation Commission (Commission) awarded a GCPF grant in the amount of \$19,996.90 to modify active warning devices at a railroad-highway grade crossing. The USDOT number assigned to this crossing is 066182X. The crossing is located at the intersection of Main Street and the applicant's tracks in the City of Palouse.

On August 1, 2012, the applicant, the Washington & Idaho Railway, Inc., submitted a request for reimbursement for work pursuant to Commission order. On August 1, 2012, Commission staff verified that the project was completed according to the specifications outlined in the order approving the grant.
