Dear Company:

In Docket TC-121188, the Utilities and Transportation Commission (Commission) granted you forbearance from rate and service regulation as an auto transportation company for specific route(s) as reflected in your filing in this docket.

A review of Commission records indicates that although the Commission granted forbearance, it did not reissue your certificate to reflect that approval. To correct this oversight, Commission staff will reissue your certificate (CH-215) to add the specific route(s) for which the Commission granted forbearance. The revised certificate will authorize the following operations.

Charter and Excursion Carrier Services in the state of Washington.

Including services limited to specific auto transportation services granted with forbearance from rate and service regulation under RCW 81.68.015 in Docket TC-121188, Order 01, as follows:

BETWEEN: Bellingham, Burlington and Marysville and sporting events occurring at the Safeco facility in Seattle

AND

BETWEEN: Bellingham, Burlington and Marysville and sporting events occurring at the CenturyLink facility in Seattle.
