Greetings,

I have drafted the proposed language to use in the Docket notice. I would like you to review the language to ensure it reflects your proposed petition. This language will be added to your charter permit once the commission acts upon your petition. Please let Tina and I know so that we can get this served and out the door today. Thank you!

Good morning John. I noticed you changed it to the state of Washington from Western Washington – was that intentional?

I think just resubmitting a revised petition under the same docket number would work. I have no problem making sure Mike is comfortable before the company submits the modified petition. Thank you John.

Penny:

Do you want me to re-submit a revised Petition in full or just have you modify the language in the Prayer section? Here is a draft of a replacement petition attached with the changes you suggested in RED. thx.

We would accept your suggestion and I've added in more events. "sporting and special events such as boat shows, home shows, RV shows, golf shows and similar events that take place at venues such as the King County Convention Center, Qwest Stadium or Safeco Field, concerts, casinos, wineries, performing arts theaters that are located in Western Washington.

Mike may want to add or modify this list so wait for a response from him before you proceed. He is out of town until Feb 19th but may be able to answer this email too. Thanks.

Good afternoon Mike and John.

Gene has assigned me to process SeaTac's forbearance petition. However, I need further information about the type of recreational events that SeaTac is requesting forbearance. For example, I do not need specific business names, but something like sporting events, concerts, casinos, wineries, performing arts theaters that are located in Western Washington, would be acceptable to staff. You know better than I do the types of venues you've received inquiries from members of the public to provide.

As filed, the petition is too vague by stating "recreational venues throughout Western Washington." The statute states it is the commission's responsibility to determine that the proposed service is not essential transportation, is solely for recreation, and would not adversely affect the operations of another auto transportation company, and that exemption from this chapter is otherwise in the public interest. That is why I need more specific information on the types of recreational venues.

I do not see the petition as controversial and I look forward to working with you to get the necessary information so I can move your request forward. In addition, once this petition is placed on a commission's open meeting, Licensing Services will reissue your current charter certificate (RCW 81.70) to add language about the forbearance between Whidbey Island and....(the types of recreational events you provide me).

Please let me know if you have any questions for me regarding this email. I look forward to hearing from you.
